### Forward-Looking Statement / Non-GAAP Measures

#### Forward-Looking Statement

Certain statements contained in this presentation are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, such as statements relating to future actions, business plans, objectives and prospects, future operating or financial performance and guidance. The words "believe," "may," "will," "estimate," "continue," "anticipate," "intend," "should," "plan," "expect," "strategy," "future," "likely," variations of such words, and other similar expressions, as they relate to the Company, are intended to identify forward-looking statements. Forward-looking statements are subject to factors, risks and uncertainties that could cause actual results to differ materially, including, but not limited to, the uncertain impact of the COVID-19 pandemic or our dependence on estimates of collectible revenue, potential litigation, changes in third-party reimbursement processes, changes in law, contributions from acquired businesses or new business lines, products or services and other risk factors disclosed in the Company's most recent annual report on Form 10-K and, to the extent applicable, quarterly reports on Form 10-Q. All forwardlooking statements made in this presentation speak only as of the date hereof. InfuSystem does not undertake any obligation to update any forward-looking statements to reflect future events or circumstances, except as required by law.

#### Non-GAAP Measures

This presentation contains information prepared in conformity with GAAP as well as non-GAAP financial information. The Company believes that the non-GAAP financial measures presented in this presentation provide useful information to the Company's management, investors and other interested parties about the Company's operating performance because they allow them to understand and compare the Company's operating results during the current periods to the prior year periods in a more consistent manner. This non-GAAP information should be considered by the reader in addition to, but not instead of, the financial statements prepared in accordance with GAAP, and similarly titled non-GAAP measures may be calculated differently by other companies. The Company calculates those non-GAAP measures by adjusting for nonrecurring or non-core items that are not part of the normal course of business and that the Company's management does not believe will have similar comparable year-over-year items. A reconciliation of those measures to the most directly comparable GAAP measures is provided in Appendix A of this presentation.

# **Investment Highlights**

Double-digit growth through two proven business platforms: Durable Medical Equipment (DME) and Integrated Therapy Services (ITS)

Providing best-in-class durable medical equipment and patient services facilitating clinic-to-home care

\$10B North American Home DME market; growth driven by medical innovation, an aging population, need to manage health care costs and increased patient comfort

Gaining market share by delivering "the last-mile solution" for health care providers, DME manufacturers, patients and health plans

Strategy to continue leveraging DME and ITS platforms by entering new multibillion-dollar therapy markets

\*Market data as of 5/10/21

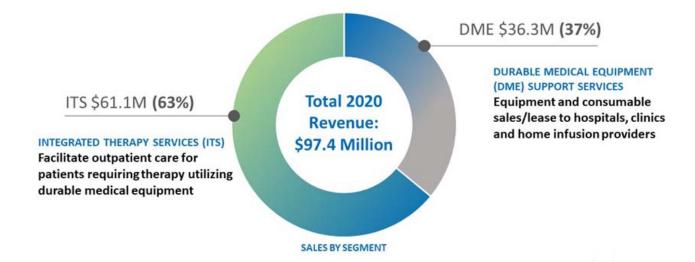

# Focus, Scale and Experience

- A leading North American provider of equipment and services with 100K+ device fleet
- 34-year history, perfected model in Oncology and now expanding into multiple therapies
- Seven major service areas in the U.S. and Canada with over 300 employees
- National scale, serving 8 out of 10 top hospitals nationwide\*
- Third-party payer contracts covering nearly 95% of the U.S. population, providing solutions to 6,500+ sites of care
- Infrastructure and services are device agnostic and scalable to support multiple therapies
- High ROI on capital investments; we purchase equipment only when new business is being onboarded, our sales force is highly scalable, and we have no R&D expense

\*Source: U.S. News & World Report, Best Hospitals. July 2019

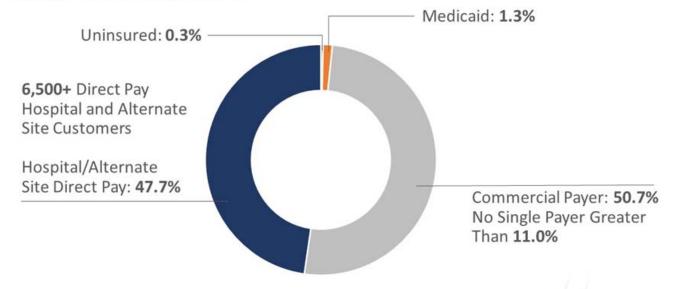

### Two Proven Business Platforms

Growth Driven by Market Share Gains and New Therapy Opportunities

# Well-Diversified & Strategic Payer Relationships

Percentage of Cash Collected by Payer 2020

### **DME Platform**

Traditional Medical Distribution, Lower-Margin, High-Turn Model

- Pump rentals and VAR sales (new devices)
- Broker/trader sales (used devices)
  Biomedical service and repair
- Oirect payer model: INFU is paid directly by the hospital/clinic/homecare provider

### **ITS Platform**

Unique and Scalable, High-Margin, High-Service Model

- Supply medical equipment and proprietary consumables for outpatient care
   Hospital, clinician and patient customer service
  - Third-party payer model: INFU is paid by the patient's medical insurance provider

(InfuSystem)

### Competitive Advantages

Significant Barriers to Entry Based on Unique Focus, National Scale and Established Payer Network

#### **Clinical Care**

InfuSystem 24/7 Nursing Team provides continuous patient support to minimize risk and improve outcomes. Our workflow solutions for clinicians encourage best practice

#### **Patient Safety**

InfuSystem Online Resource is the only patient resource facilitating two-way patient and clinical team communication to maintain peace of mind.

#### **Quality & Compliance**

ISO 9001 certified and ISO 13485 certified at select sites – see sites below.

#### Scalability

Over 6,500 customers — complete coverage of North America.

#### **Biomedical Services**

World-class biomedical service group at

#### **Payer Contracts**

Participating in-network provider with nearly 750 health insurance plans covering 95% of the U.S. population.

#### **Centralized Billing Solution**

Dedicated revenue cycle management team of 70 experts.

ISO 9001 Quality Management certified by BSI under certificate number FM590233 Rochester Hills, MI | Santa FeSprings, CA | Canton, MA | Lenexa, KS | Mississauga, ON

ISO 13485 Medical Device Management System certified by PJR under certificate C2021-01483 Bakersfield, CA

# **Growth Strategy of ITS Platform**

Adding New High-Margin Therapy Segments

- Highly scalable infrastructure allows us to add new therapies with minimal expense
- Currently evaluating multiple therapies through partnership and acquisition with multibillion-dollar TAM
- Leverage recognized core competencies to gain and sustain therapy leadership

# Highly Scalable Existing Infrastructure

Foundation Built In Oncology: Leverage It Multiple Times (Pain, NPWT, Future Therapies)

#### Offices and Logistics

 Full North American Coverage (MI, KS, CA, MA, TX, Toronto)

New Therapies Can Be Added With Minimal Incremental Expense

# -6

#### 34 Years of Experience, Know-How, and Reputation for Excellence

- Critical mass with focus on best-in-class services
- Device and therapy-agnostic logistics, service, billing model
- Device manufacturer relationships offer future opportunities

#### Sales and Marketing

- Territories with overlapping coverage and incentive for new therapies
- Minimal incremental FTE additions for Pain and NPWT

#### Revenue Cycle Team/ Case Management

- Automated systems and greatly improved productivity
- Existing payer relationships are a key competitive advantage

SAFE. SMART. TRUSTED.

## ITS Model: Platform Proven in Oncology

InfuSystem ITS Value Proposition

#### Opportunity: Oncology Home Treatment

- · Large capital expense for clinics in addition to maintenance and nightly triage
- · Reduced staff available to help patients with infusion pump questions and billing

#### Solution: Outpatient Treatment

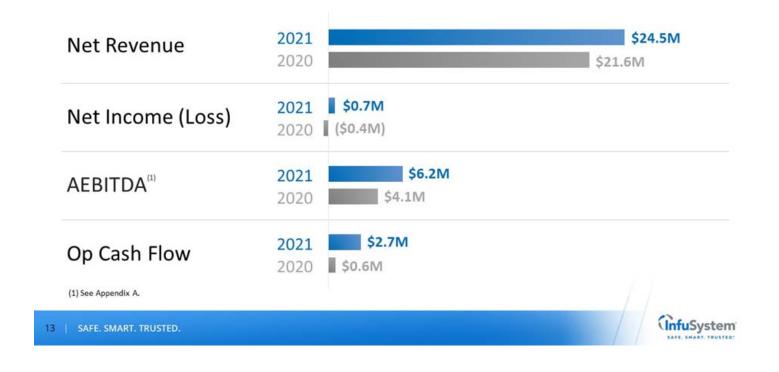

- · Infusion devices fleet, inventoried and ready for distribution
- · Patient maintains quality of life (work, events, family, rest in their own home)
- · Clinics maintain control of patient care and medication
- · Increased patient satisfaction

#### Delivery: InfuSystem ITS

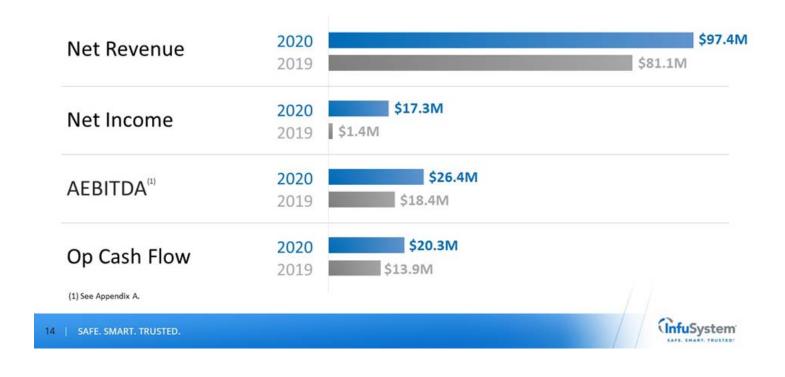

- · Oncology market leader with over 2,100 sites of care
- · Changed paradigm of care for patients, providers and payers
- · Mitigates risk, management and maintenance of infusion pumps
- · Reduces clinician and staff workload to allow greater focus on patient care
- Manages medical billing and reimbursement process
- Case managers provide pump education, billing assistance and additional 24/7 care

## First Quarter Financial Results

### **Full Year Financial Results**

# Financial Trend & Current 2021 Guidance

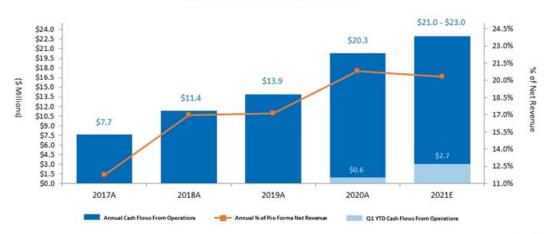

- Notes:
  1. 2017 consolidated revenues have been adjusted to reflect the effect of the adoption of ASC 606 in 2018.
  2. See Appendix A.

Carrie Lachance, BSN, RN, CRNI – President & Chief Operating Officer Joined InfuSystem: 2010

### **Executive Team**

Seasoned Industry Experience, Including: Pharmaceutical, Health Care, Life Sciences, Medical Device, Automotive OEM, Public Accounting, Military, Retail, Consumer Brands, Digital Advertising, Consulting & High-Tech

Jeannine Lombardi Sheehan – Executive Vice President & Chief Administrative Officer Joined InfuSystem: 2019

Tom Ruiz – Executive Vice President & Chief Commercial Officer Joined InfuSystem: 2010

### Summary

Two proven platforms that enable the delivery of patient care from the clinic into the home, driving double-digit revenue, cash flow growth and accelerating profit

Market opportunities driven by rising health care costs, an aging population, medical innovation, patient satisfaction and other factors

Gaining share in a growing market by providing best-in-class products and patient services

Sustainable competitive advantages by serving multiple stakeholders on a national scale

Strategy to add new therapies leveraging existing platforms; providing a low cost of entry due to increased utilization of current infrastructure

# **Questions & Answers**

# Appendix A GAAP to NON-GAAP Reconciliation Twelve Months Ended

NET INCOME (LOSS) TO ADJUSTED EBITDA:	Twelve Months Ended December 31,				Three Months Ended March 31,	
(in thousands)	2017	2018	2019	2020	2020	2021
GAAP net income (loss)	(20,707)	(1,095)	1,361	17,332	(418)	661
Adjustments:						
Interest expense	1,332	1,420	1,904	1,255	403	322
Income tax provision (benefit)	15,450	53	163	(9.789)	29	(179)
Depreciation	6,963	6,659	7,940	9,740	2,328	2,527
Asset impairment	993		-	•	-	
Amortization	5,560	4,649	4,402	4,285	1,075	1,043
Non-GAAP EBITDA	\$ 9,591	\$ 11,686	\$ 15,770	\$ 22,823	\$ 3,417	\$ 4,374
Stock compensation costs	682	957	997	2,610	206	1,635
Medical equipment reserve (1)	(69)	48	218	178	26	468
ASC 842 accounting principle change			252			
Office move expenses		(90)	258	17	17	
Acquisition costs			1.5			38
Restatement costs	28			-		
arly termination fees for capital leases	292	98	190			
xited facility costs		44				
Management reorganization/transition costs	737	250	76	521	385	3
ees to integrate business of other provider			163			
Contested proxy and other shareholder costs	200	251	23	30		
Certain other nonrecurring costs	160	476	491	220	28	(358)
Non-GAAP Adjusted EBITDA	\$ 11,621	\$ 13,810	\$ 18,438	\$ 26,399	\$ 4,079	\$ 6,160

(1) Amounts represent a non-cash expense recorded as a reserve for missing medical equipment and is being added back due to its similarity to depreciation. Amounts for the prior period, which were not previously included in the calculation of adjusted EBITDA, have been included for comparability.
