InfuSystem Holdings, Inc. (the "Company") is unable to file its Annual Report on Form 10-K for the fiscal year ended December 31, 2023 ("Annual Report") by March 15, 2024, the prescribed due date for such filing, without unreasonable effort or expense. The Company requires additional time to complete its procedures to finalize its Annual Report, which has taken longer than anticipated as a result of the Company's evaluation of potential errors related to 1) classification of certain expenses included in general and administrative costs that should have been included in cost of sales, and 2) the adoption and ongoing application of Accounting Standards Update No. 2016-02, Leases (Topic 842), referred to as ASC 842.

The Company changed its independent registered public accounting firm in 2023. Additional time is required to coordinate with the predecessor independent registered public accounting firm in order for them to audit the reclassification adjustment and restated footnote disclosures associated with ASC 842, and to reissue their opinions and consents for the years ended December 31, 2022 and 2021.

The Company intends to file the Annual Report as soon as practicable, and expects to do so on or before the fifteenth calendar day following the prescribed due date of the Annual Report. The Company's expectation regarding the timing of the filing of the Annual Report is a forward looking statement as defined in the Private Securities Litigation Reform Act of 1995, and actual events may differ from those contemplated by the statement. The statement is subject to certain risks and uncertainties, including the Company's inability to complete the work required to file its Annual Report in the time frame that is anticipated.
